

FIG. 1

FIG. 2

This exploded perspective view shows the assembly of the trim components. A panel 3 is shown with mounting holes 8. A bracket 1 is positioned to be attached to the panel. A trim piece 2, which includes a central knob 2a and side buttons 2b and 2c, is shown being aligned with the bracket. A screw 4 is used to secure the bracket to the panel. A decorative cap 5 is shown being placed over the knob 2a. A cylindrical component 6 is shown being inserted into the side button 2c. The trim piece 2 is then shown being attached to a larger frame 7 using screws 9. The frame 7 is shown with internal structural elements 7a and 7b. A coordinate system with arrows A, B, C, D, and E is provided for reference.
